

- ▶ Side Attack / Central Attack (Optional upon request)
- ▶ Multifunction color LCD display with integrated USB port
- ▶ Assisted electronic lifting
- ▶ 5 speed levels (Maximum programmable speed 20 km/h)
- ▶ Integrated control unit in the battery holder
- ▶ Battery charging during braking
- ▶ Adjustable parameters
- ▶ Reverse
- ▶ Electro-hydraulic disc brake
- ▶ Dual electro-hydraulic disc brake with friction (Standard on Plus models excluding Mini models)
- ▶ LED headlight
- ▶ Mudguard
- ▶ Luggage hook
- ▶ Storage bag (Standard on Off Road)
- ▶ Travel bag for EP3 Transport **NEW**
- ▶ Mirrors (Standard on Enduro and Off Road)
- ▶ Tetra Star&Stop control (Optional upon request)
- ▶ ESS - Electronic Star&Stop (Optional upon request)
- ▶ Folding handlebar (Optional upon request)
- ▶ Safety package (Standard on Plus models):
 - IB Intelligent Brake
 - CC Cruise Control
 - RBS Regenerative Brake System
 - Programmable ECO mode

NEW Controller AI

Advanced AI Controller Functions Package

- ▶ **ESS 2.0 - Electronic Start&Stop**
Controls movement by maintaining speed downhill with the accelerator partially rotated and stopping the vehicle completely when it is released.
- ▶ **DCC - Dynamic Cruise Control**
Maintains a constant speed on any incline, automatically brakes, and recharges the battery during braking.
- ▶ **PEB - Progressive Electronic Braking**
Fully electronic, progressive, and controlled braking, avoiding sudden stops.
- ▶ **DAS - Dynamic Anti-Slip**
Prevents slipping by adjusting engine power to ensure safe traction on any surface.
- ▶ **ECO - Energy Consumption Optimizer**
Advanced energy optimization system. Manages power with 5 customizable levels for maximum efficiency, extending device range by up to 40% without energy wastage.
- ▶ **DDR - Dynamic Directional Radar**
Detects obstacles in the direction of travel, progressively brakes to maintain a safe distance, and resumes smooth motion when steering into an open space.
- ▶ Customizable software with password protection

NEW Mini 8 Mini 10

PATENTED
EASY TO CONNECT

PATENTED
INTEGRATED STAND

WEIGHT¹ starting
from 7,7 kg

WHEEL 8" • 10" • 10" FAT •
12" • 14" • 14,5" FAT • 16"

BATTERY³ up to 48V 16Ah
CHARGING TIME from 3h
AUTONOMY² up to 50km

1: The weight is to be understood without the battery, without the attachment system, and without accessories.

2: The range refers to an average speed of 6 km/h on a flat surface, with a user weight of 70 kg.

3: Inclines up to 16%

4: Maximum speed 20 km/h. Compliance with EN 12184/2022 standards
